## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elaine Yang on October 1, 2008.

The application has been amended as follows:

1. (Currently amended) Method for electronically storing, retrieving and/or modifying records using a computer system comprising a display unit, an input unit, a memory unit and a processing unit, and involving at least one recorded catalogue of recommended actions, ~~and for comprising~~:

using the computer system to sequentially steering a process of interrelated actions from said at least one recorded catalogue of recommended actions,  
creating a hierarchy of actions from the wherein said at least one recorded catalogue of recommended actions comprises comprising hierarchised sequences of alternative actions ~~creating a hierarchy of actions,~~

wherein each action specifies at least one act to be performed,

wherein each level of the hierarchy represents recommended and alternative actions for a step in a procedure, wherein the procedure comprises a plurality of

sequential steps, and wherein the recorded catalogue of recommended actions represents at least one procedure;

using the computer system to ~~wherein for each of said steps the method~~  
generate[[s]] electronic evaluation forms hierarchically organized as forms and subforms, wherein said evaluation forms comprise a list of one or more selected from the group comprising of recommended actions, information-input requests, decision-requests and selection algorithms, and wherein said generation of evaluation forms is carried out in function of said hierarchised sequences of alternative actions, and in function of the past history of all alternative actions, including both the actual action chosen and all other actions not chosen by the user, and

using the computer system to link ~~wherein~~ the generated evaluation forms for each traversal of the hierarchy ~~are linked to enable and~~ transfer of the generated evaluation forms in one operation into one file.

***Allowable Subject Matter***

2. Claims 1-3, 5-10, 18-29 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent No. 5,583,758 to McIlroy et al.

McIlroy et al disclose a health care system wherein the actions of the healthcare providers are recorded to be used later for providing guideline treatment options.

As per Claim 1 the closest prior art of record taken either individually or in combination with other prior art of record fails to teach or suggest that the evaluation form includes both the actual action chosen and all other actions not chosen by the user and that the generated evaluation forms for each traversal of the hierarchy are linked so as to enable transfer of the generated evaluation forms in one operation into one file. Claims 2, 3, 5-10 depend upon claim 1 and have all the limitations of claim 1 and are allowable for the same reason.

As per claims 18 and 24, the closest prior art of record taken either individually or in combination with other prior art of record fails to teach or suggest wherein the record for each application of the procedure as a guideline includes information about the procedure applied, the actions recommended, the acts performed, the evaluation forms generated and the information stored. Claims 18-23 depend upon claim 18 and have all the limitations of claim 18 and are allowable for the same

reason. Claims 25-29 depend upon claim 24 and have all the limitations of claim 24 and are allowable for the same reason.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
